

## **SP 42.1 *Subcontract Administration - General***

### **Substantive changes made for the 3-22-06 version:**

1. Includes a paragraph on “Expediting” that is adapted from SI 42.1 which is being deleted, and adds the necessary language to the RESPONSIBILITIES section.
2. Addresses the assessment of financial status in more detail.
3. Clarifies that monitoring cost overruns or underruns are done for all subcontracts exceeding the small purchase threshold.
